March 17, 2020

Dear Members,

In response to the announcement made this afternoon by our Premier, Jason Kenney, a declaration of public health emergency was made in response to the COVID-19 pandemic. Capital City Gymnastics Centre has been mandated to close at this time until further notice. During this closure, we are working diligently to clean and sanitize the gym environment, equipment and common areas. We will continue to reassess this closure as information is made available to us through Alberta Health Services, our Government, as well as Alberta Gymnastics Federation (AGF), Rhythmic Gymnastics Alberta (RGA), and Gymnastics Canada. We will continue to share information with you, our members, as decisions are made.

We realize that this is a stressful circumstance for all. Many of our athletes are concerned about disruptions to their training as they prepare for upcoming competitions. Our Coaches, Administration and Board of Directors are working diligently to determine how we can provide safe training opportunities to all athletes moving forward.

We are also considering families financial investment in the gym and discussion regarding your training fees will be forthcoming in the next week. We need time to gain a better understanding of the situation.

The health and safety of our athletes, staff and their families continue to be the primary basis for all decisions. Thank you for your patience and understanding through this difficult time.

Maureen Stewart  
Executive Director
